

# Proud to Be an American

## CHORUS

I'm proud to be an American, in America, land of liberty, oh yes

I'm proud to be an American, there's no place on earth I'd rather be.

I'm getting so tired of people putting us down, burning our flag and throwing it to the ground

Other nation's laugh at us, but what do we expect, when we don't even give ourselves love and respect.

## CHORUS

We were once parted into the blue and the grey, now we are divided in another way

Reds and blues are now tearing us apart, lest we forget, we're all Americans at heart.

## CHORUS

## Middle

Our debt is at an all-time high, terrorists on the land and sky

Taxes always on the rise, political corruption's a way of life

Is the news really truth or lies, these days it's so hard to surmise

Still all around us we see, too much neglect and poverty, that's not the way it was meant to be.

Yes we have faults, but we're still the best, you'll never find a better place than our own US

It's time we united into a nation that's proud, so stand tall, one and all, shout it out loud.

## REPEAT CHORUS

No other place on earth I'd rather be.
