

Autumn Love

Autumn Love, autumn love brings me back to you

As the days grow shorter, the harvest time's begun
You can't feel the warmth you once felt from the sun
Autumn love, autumn love is a wondrous thing
Autumn love, autumn love not a summer fling
For when the leaves start falling and the air grows cool
Autumn love, autumn love brings me back to you

As the winds start blowing and we fall back in time
The earth is a kaleidoscope of colors entwined
Autumn love, autumn love is everywhere
Autumn love, autumn love will fill the air
When all the beaches dissolve in my memory
Autumn love, autumn love brings you back to me

It's in the trees, it's in the breeze, the colored leaves, I believe it's everywhere for
you
It's on the ground, it's all around, it's in the sky and in my eyes for you
I'm falling for you

Music

As the world grows colder, and the snows come down
I'll keep you warm til summer rolls back around
Autumn love, autumn love is fresh and new
Autumn love, autumn love will shine on through
When we forget the summer and the loves we knew
Autumn love, autumn love brings me back to you (**repeat last line and inst. fade**)
