

## Dreaming of You and Christmas

I'm dreaming of you and Christmas as joy is everywhere  
The delight that's dearest to me is the kind of love we share  
When I wake on Christmas morning what I want you to be  
Is the prettiest wrapped package beneath my Christmas tree.

I'm dreaming of you and Christmas the happiest time of year  
Peace goodwill and friendship and festive yuletide cheer  
Gathering together with good friends and relatives by the tons  
Sending and receiving cards and gifts from remembered and forgotten ones.

Carolers sing Silent Night  
And everywhere you look you see a rainbow of colored lights.

I'm dreaming of you and Christmas warm by the fireside  
Toasting our love with kisses as the snow falls soft outside

Instrumental break

Sidewalk Santas ring their bells  
Won't you please drop a coin into their empty wells

I'm dreaming of you and Christmas as love fills hearts with cheer  
You're the love who fills my lonely heart with Christmas joy all year  
But unlike a December Christmas, I'll have you all year.
