

## Pretty Thing

Pretty thing, walking down the street  
Pretty thing, you're someone I'd like to meet  
Pretty thing, how do I get you to notice me

Pretty thing, you just stroll on by  
Pretty thing, I never catch your eye  
Pretty thing, what can I do to impress you today

Middle

How can you not see me, I'm standing right there in front of you  
You own my whole heart and soul, what more can a poor boy do?

Pretty thing, I see you everyday  
Pretty thing, what can I do or say  
Pretty thing, to make you look my way today

Music for middle

Pretty thing, I don't like this game  
Pretty thing, it always turns out the same  
Pretty thing, another chance passes me by
